

User Agreement (Terms of Service & Privacy Policy)

Effective Date: April 2, 2026

By creating an account or participating in an auction, you agree to this combined agreement. If you do not agree, you may not use the platform.

PART 1: AUCTION & MARKETPLACE TERMS

1. Eligibility & Registration

* Age: You must be at least 18 years old. While our products (bricks) appeal to children, our legal contracts do not.

* Account Safety: You are responsible for all activity on your account.

2. The Bidding Process (Binding Contracts)

* Binding Bids: Every bid placed is a legally binding contract to purchase the item if you win. You cannot "retract" a bid because you changed your mind.

* The "Sniper" Rule: To ensure fairness, if a bid is placed in the final 2 minutes of an auction, the clock will automatically extend by an additional 2 minutes.

* Reserve Prices: Some auctions have a hidden minimum price. If the bidding does not reach this price, the seller is not obligated to sell.

3. Seller Obligations

* Accuracy: Sellers must describe items accurately (e.g., "New in Box," "Used/Complete," "Yellowed/Discolored").

* Verification (EU Users): In compliance with the EU Digital Services Act, sellers must verify their identity before their first listing to prevent the sale of counterfeit or unsafe goods.

4. Fees & Payments

* Transaction Fees: [Insert % or Flat Fee] is charged to the [Buyer/Seller] upon a successful auction.

* Non-Payment: Failure to pay for a won auction will result in a permanent ban and a strike against your account.

PART 2: PRIVACY & DATA PROTECTION

5. Information We Collect & Why

To facilitate auctions, we collect:

- * Identity Data: Name and Email (to manage your account).
- * Transaction Data: Shipping Address (shared with the Seller only after you win an auction).
- * Technical Data: IP Address and Cookies (to prevent "shill bidding" and fraud).

6. International Data Transfers (EU & USA)

- * Data Bridge: We process data in both the EU and the USA. We use Standard Contractual Clauses (SCCs) to ensure European data is handled with the same level of protection in the US.
- * US Residents: We respect Global Privacy Control (GPC) signals. We do not "sell" your data to third-party advertisers.

7. Data Retention

We keep transaction records for 7 years. This is a legal requirement for tax purposes and to assist in any "Know Your Seller" disputes that may arise years later.

PART 3: DISPUTES & LEGAL

8. Limitation of Liability

[Marketplace Name] is a platform, not the seller. We are not responsible for the quality of the bricks, missing pieces, or shipping delays caused by third-party carriers.

9. Dispute Resolution

- * Initial Step: Buyers and Sellers must attempt to resolve issues via our internal messaging system first.
- * Arbitration: If unresolved, disputes will be settled via binding arbitration in [Insert State/Country].
